

# Weight Loss Surgery at Miami Valley

Obesity can be a life-threatening condition, with many health-related issues such:

- Diabetes
- Hypertension
- High cholesterol
- Reflex
- Sleep apnea
- Cardiovascular problems

Many people turn to weight loss surgery (also called bariatric surgery) as a solution to obesity. The Miami Valley Hospital (MVH) Weight Loss Surgery Center, in partnership with Premier Metabolic and Bariatric Associates, is experienced and innovative.

## The Most Options

The MVH Weight Loss Surgery Center team performs all types weight loss surgery endorsed by the American Society of Metabolic and Bariatric Surgery, both open and laparoscopically. They are:

- Roux-en-Y
- Adjustable gastric band
- Duodenal Switch
- Sleeve Gastrectomy
- Revisions

## Center Designed Around Patients

The Center is designed around the special needs of the weight loss patient and includes private rooms with computer and Internet access, flat screen TVs, large bathrooms, ceiling fans and special recliners for extra comfort.

## Weight Loss Surgery: A Team Approach

Patients who have weight loss surgery at MVH are treated by a team that includes:

- Surgeons
- Nurses
- Medical consultants
- Dietitians
- Nutritionists
- Psychologists
- Exercise specialists
- Physical and occupational therapists
- Respiratory therapists

## A Center of Excellence

The Center is designated as a Bariatric Surgery Center of Excellence. This distinction is given by the American Society of Metabolic and

Bariatric Surgery/Surgical Review Corporation as the “gold standard” quality in weight loss surgery. It has also been recognized as a Bariatric Center of Excellence by United Healthcare and Anthem Blue Cross/Blue Shield. This is a weight loss surgery patient’s assurance of quality surgery and treatment.
